Overview of the RPL process

Recognition of Prior Learning is the way that the knowledge and skills that you have attained through your work and life experience are recognised, so that you can be issued a nationally recognised qualification.

It is a process of gathering evidence. Your assessor checks the evidence at each stage in the process and once they have sufficient evidence they can assess you as competent.

Elements of the RPL process

Step 1 — Complete the RPL Application Form

i. RPL Application form and self-assessment

Complete and submit the RPL application form and self-assessment forms. You will also need to provide details of your work history for the past 3 years. Your resume should be attached to your application with deposit.

Step 2 — SCILI Student Services will:

- i. Confirm receipt of your application and deposit
- ii. Notify you of preliminary RPL acceptance or gap training based on the application.
- iii. With your acceptance of this notification with the required deposit, SCILI will send you the RPL Tool.

Step 3 - Gather and submit documentary evidence

- i. There is a list of suggested documentary evidence. List any other types of documentary evidence that you can provide. You may or may not have the documentary evidence available. This should not deter you from seeking a RPL as the Assessor will work with you during the RPL process, identify any gaps and then assist you.

ii. Third party verification

The most appropriate person to complete the third party verification form would be your current supervisor or manager. They need to be in a position to confirm your skills and experience from their own observations. A previous supervisor, manager or work colleague may also be appropriate.

Once the form is completed, submit this to your assessor. Your assessor will contact the third party to authenticate the evidence.

iii. Qualifications

You will need to submit certified copies of any qualifications and licenses . They may assist in providing evidence towards each unit of competency.

- ✓ Make copies of all the certificates that you hold, **including the transcripts of units.**
- ✓ Take the originals and the copies to a Justice of the Peace and ask the JP to **certify the copies.**

Step 4 — Conversation with Assessor

- i. An assessor will review the information you have provided and begin to match up your skills to the units/subjects in the qualification. At this point, you will have the opportunity to discuss and identify your previous experience with the assessor who will understand your industry experience and conduct a competency conversation with you. You will be required to answer Training and Assessment related questions to identify your current skills.
- ii. Assess your portfolio, interviews you, give you feedback and makes the assessment decision.

Step 5 — Outcome

A) RPL Granted and qualification or Statement of attainment issued.

Once all of the elements above have been completed, your assessor will review the evidence and make a judgment as to whether it is sufficient to confirm your competency. At this stage if the evidence is sufficient, SCILI will be able to issue your certificate or Statement Of Attainment. (A Certificate is for a full qualification. Statement of Attainment is for a partial qualification such as a single or several units of competency)

B) Additional gap training required

If there is evidence of gaps, your assessor will advise you on the next step.

This may be; gathering further documentary evidence; or Completing practical activities as instructed by your assessor.

The table below lists typical examples of evidence that may be able to be used in your RPL.
